

Product Data Sheet

Model : OPT-SE-5MB-LPR-180KM-AIFT

5MP ANPR LPR Motorized 10x zoom IP Camera system Automated IPR
Camera License Plate Recognition ANPR camera

Product features

- * Maximum speed 180 km/hr
- * Built-in vehicle license plate recognition algorithm ;
- * Support Black & White list management;
- * Built in LED light, can be used for fill-in light at night recognition;
- * The algorithm can automatic adjust camera image brightness per to environment light,to ensure the image capture quality whole day;
- * The algorithm can automatic adjust camera image brightness per to the vehicle LP brightness ,to ensure LP recognition rate in dark environment;
- * Support Video , coil and coil & video hybrid trigger capture mode;
- * Prime lens, can support from up to 47 meters recognition, automatic adjustment algorithm resolution;
- * Support remote access control;
- * Support voice broadcast and two-way voice intercom
- * Support real-time or offline SD card storage, when network recovery, can automatically upload capture data;
- * Supports variety of SDK docking methods, it is more convenient for camera integration and development ;
- * Multi-IOs design, control the gate to open, close, normally open, normally closed, receive triggering and anti-crash ground signal, receive multi-channel gate state signal;
- * Maximum support for 70°large angle LP recognition;
- * Fully support for special LP recognition;
- * Supports coil mode non-motor vehicle filtration;
- * Support ten car body color recognition .
- * Can open / close gate through Alarm in/ out ports

All in 1 Automatic Parking System LPR Camera License Plate Recognition with LPR Software

Channels	work with computer
Network	ONVIF, TCP, Ip, SDK
Function	Waterproof / Weatherproof, NIGHT VISION, alarm in/out
Application	Outdoor
Customized support	Online technical support, Customized logo, OEM, ODM
Sensor	CMOS
Special Features	NIGHT VISION, Two-way Audio, license plate recognition, Connect with gate to open / close gate, black list white list, car body color recognition
Certification	ce, FCC, RoHS, Reach
Data Storage Options	Memory Card, NVR
Video Compression Format	H.264
Product name	IP parking system Automated IPR Camera License Plate Recognition
Function	License Plate Recognition ALPR camera ANPR camera
Feature	with black white list, can open close gate
Audio	Support voice broadcast and two-way voice intercom
Image Sensor	1/3" Progressive Scan CMOS
Lens	5mm~50mm optical zoom lens
license plate Recognition rate	≥95%
Resolution	5MP
Waterproof	IP66 Water-proof Metal Housing
